

## **DESIGN REVIEW APPLICATION**

While each community's governing documents vary, each in some way **require homeowners to receive approval from the association's Architectural Review Committee prior to any exterior construction or modification that may in some way affect or be visible to other member(s) of the community**. The design review process is an important way for your association to help maintain, protect, and enhance property values within the association by preserving the architectural integrity of the community. If you have ANY question whether your project requires approval, please help protect yourself and your community by submitting the following Design Review Application Form.

***\*Please submit one (1) Design Review Application per desired change/addition.***

**ADDITIONAL TERMS**

1. The applicant understands and agrees that no work in this request shall commence until written approval by the Architectural Committee is received. If alterations are made prior to approval and this application is not approved wholly or in part, the applicant understands that they may be required to return the property to its former condition at their own expense.
2. Once approved, construction must be completed within the approved construction time and must be done in a way that does not unreasonably interfere with neighboring properties.
3. Applicant understands that any approval is contingent upon construction or alterations being completed in a workman like manner.
4. Applicant has responsibility for removal, in a timely manner, of any debris resulting from construction.
5. Construction must meet all zoning requirements, building codes, and laws of the County. The applicant understands that approval from the Architectural Committee shall not be construed as a waiver or modification of any such code or law.
6. Applicant understands that member(s) of the Architectural Committee and/or Board of Directors may be required to visit the property, either before and/or after the project, to make reasonable inspections of the proposed alteration(s).
7. Where applicable, utility easements are to be marked before excavation is started. This service is provided free of charge by the utility company and is required to provide for your safety. For location of underground telephone, cable TV, electric, gas, water, and sewer lines the owner shall contact Blue Stake at (602) 263-1100 at least (2) two working days prior to excavation. *Owner will be FINED if underground cables or conduits are damaged.*
8. Misrepresentation of any terms in this application, either oral or written, may void any approval by this committee.

I have read and agree to the additional terms listed above. Furthermore, I have read the Design Guidelines contained in the association's governing documents and acknowledge that this proposed change or addition meets the requirements and standards specified in those guidelines.

*(Contact Trestle Management Group to obtain a copy of the association's governing documents.)*
